

Last Chance to Register for Goa Startup Accelerator Program

Nurturing innovation and helping scale Goan Startups, the mentor-led Goa Startup Accelerator initiative led by the Startup and IT Promotion Cell, DITE&C is closing its applications on September 10, 2025

Panjim, September 8, 2025: Registrations for Goa Startup Accelerator Program, organised by the Startup and IT Promotion Cell, Department of Information, Electronics and Communications (DITE&C), Goa will close on September 10, 2025. This is the last opportunity for interested startups to register.

Under the guidance of Hon'ble Minister, Shri Rohan Khaunte, the Goa Startup Accelerator Program, led by the Startup and IT Promotion Cell is helping scale up 30-startups operating in the State, which will be selected by open applications and nominations from an expert selection committee of incubators, industry associations and stakeholders.

The program invites MVP-stage (Minimum Viable Product) startups registered or working in Goa to apply and receive mentorship from business and technical experts, monitor real-time startup requirements, investments opportunities, 1:1 clinics and workshops and a demo day with investors and industry specialists.

Empowering startups with programs designed for rapid growth, Director of DITE&C, Shri Kabir Shirgaonkar highlights the impact of Goan startups saying, "Goan startups today are not just addressing real-world problems but also generating employment opportunities in the State. Through our Goa Startup Accelerator Program, we aim to support promising startups, facilitating access to investment and industry expertise. After a rigorous selection process, top 30 startups will be chosen to participate in the program. We invite high-potential startups to apply and join us in shaping the future of Goa's startup landscape."

The application process for the program which was launched in July this year, is nearing its deadline. Goan Startups can join the structured accelerator program by filling the application form (<https://forms.gle/XQEBLpmw28o2bT4F6>).
